

Originally, I was only going to be picking up the Justice League series spinning out of the New 52. Then I heard some really good things about Detective Comics. Batman has always been my favorite DC hero, up until that point, I haven't read a hardcore Batman story in awhile. I picked it up, and it was the best comic I've read in a long time, I gave it a PERFECT score. Now, issue two has arrived. Does it continue to be that dark detective story established from the first issue? Read on. There's a certain cliché in a lot of media, namely TV shows and a lot of the times, comics. Basically, the first issue or episode of anything will start out with a bang, makes sure it captivates the reader. The second episode or issue will slow down the pace and be more dialogue-centric. It is usually never as good
