

This a tremendous cast that Ridley Scott has put together for this prequel to Alien. I can't wait to see Michael Fassbender, Charlize Theron, and Noomi Rapace sharing scenes together, toss in Idris Elba and only the script could prevent this from being an enjoyable film. Little is known about the movie so far, and FOX has done an outstanding job of snuffing out as much of the leaked info as possible. This is the first time that we have some insight into the character that Noomi will be playing. "I play Elizabeth Shaw, researcher and archaeologist. She's British but was raised in Africa because her father was a missionary. From him she learned to believe in God, and she has a strong inner self. She is the most complete person I have ever played. She has an inner light. She's very stubborn and determined. She lost her parents when she
