

The famous site, AVP Galaxy, has posted some set photos from the upcoming Alien prequel. Click the link at the bottom for a few more. "Visionary filmmaker Ridley Scott returns to the genre he helped define, creating an original science fiction epic set in the most dangerous corners of the universe. The film takes a team of scientists and explorers on a thrilling journey that will test their physical and mental limits and strand them on a distant world, where they will discover the answers to our most profound questions and to life's ultimate mystery."
