

This classic tale has seen many adaptations across many mediums including movies, cartoons, stage plays and comics. And now we are getting two more movie versions from rival studios. Here are two brand new stills from Relativity's Snow White (not it's final title) featuring Julia Roberts as The Evil Queen, Lilly Collins as Snow White and her seven still unnamed helpers Jordan Prentice, Joey Gnoffo , Sabastian Saraceno, Collins, Martin Klebba, Mark Provinelli, Ronald Lee Clark and Danny Woodburn. This version of the story from Relativity is directed by Tarsem Singh (Immortals) and is apparently a much more family friendly take than Universal's darker action adventure Snow White & The Huntsman. Says Tarsem of The Queen.. "She's the cat that ate the canary. From serial killers to anyone who does evil deeds, they basically have a devil-made-me-do-it excuse, or they hear voices, I decided for the evil queen, this is going to be
