of the most iconic characters in the DC Universe, Green Lantern is a founding member of the
Justice League and a hero who has struggled when it comes to making the leap from page to
screen. However, that all looks set to change with 2020's Green Lantern Corps movie, and with
casting on that beginning to heat up, we thought now would be a good time to take a closer look
at Hal Jordan. The character has a long history, and what you'll find here is a close-up look at
some of his weirdest and most
