many of you no doubt already know, I really liked Batman v Superman: Dawn of Justice.
There's no denying that it had a few issues, but for me, the shocking death of Jimmy Olsen
wasn't among them. A CIA agent posing as a photographer in the DC Films Universe, he wasn't
actually named until the Ultimate Edition was released, but a lot of fans were understandably still
upset to see him used like this. After all, his comic book counterpart is Clark Kent's best friend
and a beloved supporting character in the Superman mythos, but after
