book characters have always had a place on television, but in the past few years, many of their  
shows have started outshining the heroes and villains that make their presence felt in the  
movies. It's now hard for example to imagine that Ezra Miller's Scarlet Speedster will ever top  
what The CW has done with The Flash, while the bad guys in The Defenders' corner of the  
Marvel Cinematic Universe continue to outshine many of the forgettable villains who take centre  
stage on the big screen. While both Marvel and DC seem to be making an
