first two X-Men movies were excellent, and while the likes of The Wolverine, Deadpool, and
X-Men: Days of Future Past have also impressed, an even longer list of terrible Marvel Comics
adaptations mean that many fans still have no faith in 20th Century Fox. While the movies
themselves being terrible has played a big role in that, an even greater issue is just how many
great characters they've f***ked up. In all honestly, it wouldn't be hard to make one of these lists
for each of their franchises! However, rather than making you relive that many
