

var l_ttlPages = 8; var l_url = location.pathname.replace(location.hash, ""); var qs =
(function(a) { if (a == "") return {}; var b = {}; for (var i = 0; i < l_page) When
you take into account the fact that it will have been six years in the making by the time
Avengers: Infinity War is released and that it has the writers and directors of Captain America:
The Winter Soldier and Civil War behind the cameras, it's fair to say that this may very well be
Marvel Studios' best movie yet. However, there are still a few different things they could do to
guarantee it. While seeing Earth's Mightiest Heroes (alongside the Guardians of the Galaxy)
go to war with Thanos promises to be nothing short of incredible,
