

Last night, a select handful of journalists were treated to 28 minutes of footage from Rogue One: A Star Wars Story. It's since been described by one lucky viewer as, "Extremely detailed and well-realized. It's shot and styled different but everything OG Star Wars fans will LOVE." Needless to say, that gives us good reason to be extremely excited, as does the latest clip from the highly anticipated release. The biggest talking point here is the fact that we get to see the return of Attack of the Clones and Revenge of the Sith's Jimmy Smits as Bail Organa, though he isn't given the opportunity to actually talk! The cast of Rogue One: A Star Wars Story includes Felicity Jones, Mads Mikkelsen, Alan Tudyk, Donnie Yen, Forest Whitaker, Diego Luna, Riz Ahmed, and a number of others, and it's currently set to be released on December 16th, later this year. Let us know your thoughts on this in the usual place.
