

Before helming The Avengers, Joss Whedon tried, unsuccessfully, to bring Batman and Wonder Woman to the big screen. Following various Avengers screenings across the globe and the world premiere in New York, I'm betting the heaps of praise Joss is receiving has Warner Bros. wishing they'd given him a closer look. Well, the now "it" directing commodity has a few words of advice for how to make a Justice League movie work. During a press event for the world premiere of Earth's Mightiest, a journalist asked Whedon the following question: "What advice would you give Warner Bros. on getting their Justice League movie going?" Joss Whedon: It's enormously difficult to take very disparate characters and make them work. And DC has a harder time with it than Marvel because their characters are from a bygone era. Their characters were bigger than we were. They've amended that but Marvel really
