

Let me start off by saying thank you Tim Burton for doing such a stellar job with your two Batman films. No, they aren't even close to the brilliance of Nolan, but they were a huge improvement over the campy Adam West television show. With that out of the way, I think most of us would agree it was a blessing that Burton's Superman was never made. The images below I'm gonna guess are a prototype of the "Recovery Suit" Superman that was seen in previously posted concept art.
