

The promo for the next episode of Supergirl teased a reunion between Lex and Lena Luthor, but as many of you suggested at the time, it's actually her mother that the Girl of Steel's ally is visiting! That probably means we shouldn't expect to see Lex here, though that was to be expected. We know that his war suit is going to make an appearance, but beyond that, it appears as if the focus will be on the return of Metallo and what happens to Lena when she's blamed for his unexpected return. For more on what to expect from "Luthors", here's the officially released synopsis via The CW: **LENA IS ARRESTED** — After Metallo (guest star Frederick Schmidt) breaks out of prison and frees Lillian Luthor (guest star Brenda Strong), the police blame Lena (guest star Katie McGrath) for his escape and arrest her. Despite overwhelming evidence, Kara (Melissa Benoist) refuses to believe her friend is guilty and fights to clear Lena's name.
