

The immensely talented Jerad S. Marantz, just gave me the heads up that he's posted a few more pieces from his work on Sony's The Amazing Spider-Man. A while back I got the chance to speak with him about his work and he teased that he was working on concept art for a Marvel film and #TASM was apparently that project. He's currently working on concept art for a few more comic book movies that would make all of you green with envy. Speaking of green, maybe I'll ask him soon if he's started on any concept art for Green Goblin? [Click images to enlarge] You can check out more of his work [HERE](#). Running Time: 2 hrs 16 min Release Date: July 3, 2012 (USA) MPAA Rating: PG-13 Starring: Andrew Garfield, Rhys Ifans, Emma Stone, Sally Field and Martin Sheen. Directed by: Marc Webb Written by: James Vanderbilt (initial screenplay), Alvin
