

Continuing the epic big-screen adventures started in "Iron Man," "The Incredible Hulk," "Iron Man 2," "Thor," and "Captain America: The First Avenger," "Marvel's The Avengers" is the super hero team up of a lifetime. When an unexpected enemy emerges that threatens global safety and security, Nick Fury, director of the international peacekeeping agency known as S.H.I.E.L.D., finds himself in need of a team to pull the world back from the brink of disaster. I was sent a link earlier today to the following images of one artists interpretation of how The Avengers classic mode of transport would look in a live action setting. With many believing that Joe Quesada's Tweet yesterday was an indication that the aircraft will appear in the upcoming movie, I thought now would be the perfect time to post these and wonder, what if? Click on the link below to check out more images. With an all star cast
