

Talking to Popcorn Biz, director Marc Webb has once again talked in detail about his take on Peter Parker in The Amazing Spider-Man. While some fans have been a little upset at the changes made, especially in regards to the character's origin and attitude. Well, it turns out that the director has gone all the way back to an early Stan Lee/Steve Ditko comic book for inspiration (hardly a surprise considering the fact that the look of the Lizard is also inspired by the early designs). Be sure to click on the link at the bottom of the page in order to read even more of the director and star Emma Stone's comments about the upcoming reboot. [It's] been really fun. I think there's a real genuine sense of enthusiasm, and curiosity, which is fun. I mean, you do have to honor the sort of iconographic elements of 'Spider-Man,' but it's
