

Source: Entertainment Weekly Hot on the heels of the news that Game of Thrones Season 3 and 4 may be filmed back-to-back, we now have an inside look at what the Season 1 DVD package will contain courtesy of EW. It was previously reported that Game of Thrones Season 1 would be arriving in DVD form on March 20th but it looks like we'll be getting our Westeros fix 2 weeks earlier. Game of Thrones arrives in stores on March 6, 2012. The cost: \$79.98 for BD and \$59.99 for standard-def DVD. Below you can see some of the DVD behind-the-scenes goodies that HBO has packaged which I'm sure will be a must have for any GOT and GRRM fan. For an actual list breakdown of features, click [here](#). EW has a clip from Anatomy of an Episode — the making of the Sky Cells scene from “A Golden Crown”. An embed
