

Many people have been wondering why exactly we need to see Spider-Man's origin story all over again in The Amazing Spider-Man. Of course, it's pretty easy to forget that it's nearly been a decade since the wallcrawler hit the big screen, but here Andrew Garfield comments on the decision to retell Peter Parker's story, while also expressing his love of the Sam Raimi trilogy and much more! STARRING: Andrew Garfield as Peter Parker/Spider-Man Emma Stone as Gwen Stacy Rhys Ifans as Curt Connors/The Lizard Martin Sheen as Uncle Ben Sally Fields as Aunt May Denis Leary as George Stacy RELEASE DATE: July 3rd, 2012.
