"We all know how important it is to so many people, and it's equally as important to us. We worked really hard to make [director] Marc Webb's vision and [Spider-Man co-creator] Stan Lee's original vision and the essence of that character come to life again for the audience in a different way." Rhys Ifans meanwhile praised director Marc Webb's, "forensic, emotional eye. He added: "For all the flights and fantasies that a superhero film delivers, inevitably, there is a human domesticity to this that hopefully will make people leave the cinema loving their parents." STARRING: Andrew Garfield as Peter Parker/Spider-Man Emma Stone as Gwen Stacy Rhys Ifans as Curt Connors/The Lizard Martin Sheen as Uncle Ben Sally Fields as Aunt May Denis Leary as George Stacy RELEASE DATE: July 3rd, 2012.
