

"I'm having a lot of fun. I've already got my horns fitted." The next film that Angelina Jolie will be working is Luc Besson's Maleficent for Disney. She will start filming in June, and of course she thinks the script is the cat's meow. The film is a live-action reboot of Disney's 1959 classic fairy tale "Sleeping Beauty." Ah, but there is a catch. This time the movie is seen through the point of view of the evil sorceress, Maleficent (Angelina Jolie.) In this version, Sleeping Beauty is the nemesis instead of the good guy ...? It's not anti-princess, but it's the first time they're looking at this epic woman. So there are some redeeming qualities to Maleficent the witch? It sounds really crazy to say that there will be something that's good for young girls in this, because it sounds like you're saying they should be a villain. [Maleficent] is actually a great person. But
