

After reporting to you that Christian Bale had breathing problems in his Batsuit, Anne Hathaway comes out to say that wearing the Catwoman suit was a challenge as well. The actress has gone through extreme conditions for roles before but this is the first time she comes out fully about her preparation. At only 29 years old, Anne Hathaway has a huge list of films under her belt and *The Dark Knight Rises* is possibly the biggest. She opened up her full feelings to the July issue of *Allure* about what she had to endure. The Catwoman suit. It was a psychological terrorist, the suit, thoughts of my suit, changing my life so I would fit into that suit ... it dominated my year." Also, for the upcoming role in *Les Misérables*, Anne Hathaway plays a starving factory worker so she had to go through what she describes as "crazy, weight stuff" for both
