

The Daily Mail have offered up some new information about Anne Hathaway's preparation to play Catwoman in The Dark Knight Rises, and if their "source" is to be believed, it looks like she has her eyes set on taking Halle Berry's place as one of the sexiest portrayals of the character! (despite you guys recently voting for Michelle Pfeiffer to hold that title!) Here is an excerpt from their report. Meanwhile, Anne, who changed into a pale yellow dress for the film's after-party, is taking the transformation into Catwoman pretty seriously. The actress, who follows both Halle Berry and Michelle Pfeiffer as Catwoman, is said to have been putting in some intense preparation for the role. A source told the Mail: 'Anne is working out five days a week. She's taking it very seriously and wants her body in tip-top condition. 'Secretly she hopes to upstage Halle Berry, who last played Catwoman. She's
