

I'm a little disappointed that they have apparently decided to forgo the domino mask but word from those attending the CW Upfronts is that Arrow is shaping up to be something special. What was revealed was said to look more like a movie sizzle reel and not a television trailer. Footage should be online soon and then we can all judge for ourselves. UPDATE And now footage is indeed online, check it out [HERE](#). On 18 January, 2012, The CW greenlit the pilot for a proposed Green Arrow series with Greg Berlanti, Marc Guggenheim and Andrew Kreisberg producing. The series, Arrow, will offer a fresh take on the character. Smallville's Justin Hartley will not be involved in the new project. Actor Stephen Amell will portray Oliver Queen/Green Arrow in the pilot. In Arrow, Oliver Queen will be in his late twenties. Dinah Laurel Lance will also be a featured character, though not as
