

A single act of both compassion and arrogance leads to a war unlike any other -- and to the RISE OF THE PLANET OF THE APES. The Oscar-winning visual effects team that brought to life the worlds of Avatar and Lord of the Rings is breaking new ground, creating a CGI ape that delivers a dramatic performance of unprecedented emotion and intelligence, and epic battles on which rest the upended destinies of man and primate. Also, just wanted to add some early reactions from sites that saw the film yesterday. Overall, they loved it: Alan Cerny from AICN: "RISE OF THE PLANET OF THE APES is freaking tremendously great. Shot to the one of the best of the year for me. Still buzzed by how good RISE OF THE PLANET OF THE APES was. It's a thoroughly satisfying movie, a rare thing this year. They really did save the best for last this summer." Peter Sciretta
