

These great pieces of fan art were posted on the Ron Paul forum tonight and I had to share them. In a lot of ways the depiction of Ron Paul as Batman fighting evil villains like Two-Face and The Joker are sadly more accurate than most people care to think about. You might even say Ron Paul is battling more imposing foes than Bane for The Dark Knight Rises. Ron Paul has been the symbol of true liberty, not the liberty that dribbles out of the mouths of other candidates like filler. It is Ron Paul that battles a corrupt government and a bias media much like Batman battling the ills of Gotham. And like Batman, Ron Paul is incorruptible, a symbol of hope.
