

A different threat takes a different team. When Superman, Wonder Woman and the rest of the Justice League determine that they are ill equipped to deal with a new paranormal threat, Batman declares that John Constantine holds their only chance at achieving victory. Joining them are Zatanna, Etrigan the Demon, Boston Brand and Swamp Thing. That's quite the powerful team assembled, one that might even give the real Justice League a run for their money. Surely they'll be enough to defeat Felix Faust and his dark minions. To check out a previously released clip, [CLICK HERE](#).
