

Developed by Monolith Productions, the game will be available in the Xbox LIVE® Marketplace for the Xbox 360® video game and entertainment system from Microsoft, Windows PC and PlayStation®Network. “Gotham City Imposters blows apart expectations for superhero games with an exaggerated take on first person shooters, set in a part of the DC Universe players have never seen before,” said Samantha Ryan, Senior Vice President, Production and Development, Warner Bros. Interactive Entertainment. “Monolith is creating a game that turns Gotham City upside down and we think fans are going to have a blast with this creative twist on multiplayer heroism and anti-heroism as they play up the classic rivalry between Batman and The Joker.” Gotham City Imposters is a multiplayer game unlike any other, giving players the opportunity to rebel against conformity as they customize their own characters. Posing as amateur vigilantes or villains, gamers will create their
