

Source: Comicbooked Batman: The Animated Series was the show that started the entire DC Animated Universe. It redefined the genre and ushered in mature storytelling and continuing plotlines in children's animation. But you know all that already. The show was just one of those once in a lifetime, all the stars aligned, right place/right time deals that you count yourself lucky to have witnessed. I was recently able to get my hands on a document titled Batman: Series Writer's Bible thanks to some colleagues over at Comicbooked and I thought I'd share it here with you guys. Enjoy! Note: The entire document is 153 pgs long so I'll be posting bits and pieces, here and there. Note: I'll be posting more in the coming weeks but I hope this wet your appetite and you're looking forward to more. Batman: The Animated Series is an American animated series
