

The LEGO Batman Movie kicked off with a brilliant musical number featuring the Caped Crusader taking on his greatest foes set to Patrick Stump's "Who's the (Bat)Man." It's a catchy tune and one which sums up the tone of the animated spinoff really well. Now, one fan has taken that tune and placed it over the warehouse scene from Batman v Superman: Dawn of Justice. Amazingly, it works perfectly! Despite the very, very different tones of these two movies starring the Dark Knight, the lyrics personify the hero so well that they blend ideally with the action even if he is gunning down criminals rather than just kicking their butts! Anyway, check out the video below and let us know your thoughts on it in the comments section below.
