

Here's the studio's official description: "Batman: Year One is based on the landmark 1987 DC Comics titles from 12-time Eisner Award winner Frank Miller and illustrator David Mazzucchelli. The film depicts young Bruce Wayne's return to Gotham City in his first attempts to fight injustice as a costumed vigilante. The playboy billionaire chooses the guise of a giant bat to combat crime, creates an early bond with a young Lieutenant James Gordon (who is already battling corruption from inside the police department), inadvertently plays a role in the birth of Catwoman, and helps to bring down a crooked political system that infests Gotham. "Primetime television stars Bryan Cranston (Breaking Bad), Ben McKenzie (Southland, The O.C.), Eliza Dushku (Dollhouse, Buffy the Vampire Slayer) and Katee Sackhoff (Battlestar Galactica) provide the core voices for Batman: Year One. Three-time Emmy® Award winner Cranston gives voice to young Jim Gordon, while McKenzie makes his animated voiceover
