

Things are VERY secretive on the set of The Dark Knight Rises, but that hasn't stopped a few crafty fans from getting close enough for some juicy bits of footage and details! Here is a brief description of what some of the local SuperHeroHype Forums members saw last night, as well as some footage courtesy of "Sterling Davis Photo" below. Just got home from the set. Great shoot once again, we got to see the Batwing operating and shooting out some stuff. Cool pyro stuff tonight, along with snowy sets and Batman getting his make up done right in front of us. Oh, and Chris Nolan walking out like a PIMP! [Polaris23] Yeah I just got back (for real this time). I was there from 6 something to 1 AM when they wrapped and we got to see Nolan leaving. Polaris and I watched the takes with the mortar shots from the batwing
