

Thanks to WB Insider we have a clip from one of the behind the scenes featurettes from the Green Lantern blu-ray. The clip features various members of the crew with Ryan Reynolds talking about what constructs are, how they were conceived for the film, and that some of them weren't ever scripted. In a universe as vast as it is mysterious, where a small but powerful force has existed for centuries. Protectors of peace and justice, they are called the Green Lantern Corps. A brotherhood of warriors sworn to keep intergalactic order, each Green Lantern wears a ring that grants him superpowers. But when a new enemy called Parallax threatens to destroy the balance of power in the Universe, their fate and the fate of Earth lie in the hands of their newest recruit, the first human ever selected: Hal Jordan. Green Lantern will be released on Blu-ray and DVD on October
