

It's now been confirmed multiple times that Benedict Cumberbatch will reprise the role of Doctor Strange in Avengers: Infinity War, but in a new interview with Yahoo Movies, the actor shed some light on how exactly the Sorcerer Supreme is going to enter that world. "I think [Doctor Strange] has to be Team Doctor Strange," he explained. "His job title is defender of the fabric of reality. I mean, he fights other dimensional threats that are beyond the perceptions of that very potent squabble [between Cap and Iron Man], and I'd like to think he's going to help them both, rather than take sides." SPOILERS: DOCTOR STRANGE - 7 Things It Got Right And 3 Things It Got Wrong That's a diplomatic answer, but one which makes a lot of sense, and Cumberbatch elaborated on how he'll factor into the world of The Avengers. "The character list gets a little heavier [from 'Doctor Strange' to 'Infinity War'] and you're working with some legends
