

Deadline reports that Ridley Scott's Prometheus is set to storm the North American box office this weekend with an impressive \$26M opening today and a \$68M weekend in total. Some analysts are even predicting \$70M+. The 3D sci-fi epic took \$3.561M at midnight screenings and has so far earned a total of \$51M overseas. It was thought that the R-Rated movie would struggle to topple DreamWorks Animation's Madagascar 3: Europe's Most Wanted, but that is now likely to open with (an equally impressive) \$18M Friday and \$57M weekend. Read my 5* review of Prometheus by clicking [HERE](#) to check it out. In the distant future, two superpowers control Earth and fight each other for all the solar system's natural resources. When one side dispatches a team to a distant planet to terraform it for human colonization, the team discovers an indigenous race of bio-mechanoid killers. Ridley Scott, director of 'Alien' and
