

After a disappointing domestic take of \$28.8 million, Dark Shadows has opened to a slightly more impressive \$36.7 million overseas from 43 territories reveals The Hollywood Reporter. This isn't too bad, but far from what Warner Bros. were hoping for (especially with a rumoured budget of \$150 million). However, it still opened at #1 in many countries and still finished at #2 at the worldwide box office. Marvel's The Avengers made a whopping \$95.4 million from 54 territories, totally eclipsing the latest Tim Burton/Johnny Depp collaboration as it sped to a record breaking \$1 billion in just 19 days.
