

So far, we've seen a few stills and reviews for the cancelled Wonder Woman TV show (as well as a single official shot of Adrienne Palicki in costume and a couple of dozen set photos) and while the pilot episode has so far not emerged online for the world to see, the following promo has! Many thanks to Bleeding Cool. Not much I know, but does this make you wish they'd given the show a chance? Would you watch the the pilot episode if it was released online? Be sure to share your thoughts in the usual place!
