

Shooting last night in Hamilton, Ontario, Robocop star Alex Murphy was seen on set around the restaurant that the studio made called "Guedes". Reports indicate that the scene taking place was described as Murphy having dinner with a colleague (possibly Lewis?) when some criminals would come in and attack him, which would ultimately lead to Alex Murphy being critically injured. Below, you can check out some photos of Joel Kinnaman as he will appear on film as Alex Murphy and you can also check out two criminals rehearsing a scene in which they approach the restaurant with guns. Don't forget you can always send CBM your own set photos and reports by clicking [HERE](#) and be sure to sound off with your thoughts below. All images courtesy of NewsCom. Robocop is set to be released on August 9th, 2013.
