

Talking to Comic Book Resources, Bryan Q. Miller has talked revealingly about just how close we came to seeing Batman's small screen debut in Smallville and goes into great detail about his upcoming introduction in DC Comics' digital series, Smallville: Season 11. He also mentions that Vandal Savage was another character who almost turned up in the show and comments on both how the Caped Crusader's appearance would have differed from this series to the TV show and why he ultimately decided to use Stephanie Brown as Nightwing rather than any of the other well-known sidekicks. For more, be sure to click on the link below to read the interview in full. On Whether There Were Ever Any Serious Discussions About Including Batman In The Smallville TV Series: I don't think we actually ever got down the road with what the story would be, but at the beginning of each season -- especially
