

Digital Spy have a full report from London's "BT Tower", where the release of Star Wars: The Complete Saga on Blu-ray. To mark the event, Anthony Daniels (C-3PO) was there to turn on what they describe as, "a beam of light 200m into the air from the top of the 189 metre tower. More than 60 4,500W lights - standing 1.3m high and weighing 124kg - combined to produce a parallel blue ray of light." Be sure to click on the link below to head on over to the site, where you view a full gallery of fantastic images from the event.
