

The news has just broken through Twitter than the sequel to Captain America: The First Avenger will hit on April 4th, 2014. As of right now, there are no further details, but stay tuned and we'll update you as more information becomes available (a press release should be online sooner rather than later). Let the countdown begin! NEWS: The sequel to Captain America: The First Avenger will hit theaters April 4, 2014! More details soon! #Avengers
twitter.com/Marvel/status/...— Marvel Entertainment (@Marvel) April 5, 2012 UPDATE: Here is the press release from Disney. There aren't a lot of details as of right now, but this confirms Kevin Feige's recent comments that S.H.I.E.L.D. will continue to play a role in Captain America's universe. The Walt Disney Studios has announced a release date for Marvel Studios' sequel to the blockbuster Captain America: The First Avenger on April 4, 2014. The second installment will pick-up where the
