

Learning yesterday from the screenwriters that an outline for the sequel to Marvel's Joe Johnston-directed Captain America: The First Avenger movie has been submitted, and that the villain was gonna be "crazy," according to 'Dum Dum Dugan' actor Neal McDonough, the following news should come as no surprise. Anyhow, chatting with TheHDRoom, scribes Christopher Markus & Stephen McFeely reassured the sequel takes place in modern times, primarily. SM - "I think it's safe for us to say that it's primarily set in the modern day. That seems to have been the biggest question people have been wondering about regarding the sequel. Most people know the story of Captain America as the story of this man out of time, and because The Avengers is such a big movie, and because [Avengers director] Joss Whedon has so many moving pieces, we've been left with room to explore Cap entering the modern day wondering,
