Most of us are aware of the Black Panther Animated series developed for BET. Well, next week the six episode series will finally be released on DVD. MTV Splash was lucky enough to obtain some exclusive footage from the upcoming DVD featuring Djimon Hounsou as T'Challa. Former BET President of Entertainment Reginald Hudlin took some time to speak with MTV about the series and subsequent DVD. What follows are just a few of the excerpts from their conversation... Black Panther isn't necessarily a top-tier character, but you managed to recruit some top-tier talents for the series' cast and creative team. Djimon Hounsou, Kerry Washington... Was it a hard sell? What was your pitch like? The great thing about Black Panther is that it seemed to sell itself. When I reached out to Djimon and all of these other people, I presumed nothing. I presumed I would have to explain to them who Black Panther is, but
