

Deadline reports that Summit Entertainment has cast Catherine Zeta-Jones (Rock of Ages) and Byung-Hun Lee (G.I. Joe: Retaliation in Red 2. They will join the returning cast members from the 2010 movie, while Dean Parisot (Justified) will direct the script by Erich and Jon Hoeber (Red). Lionsgate International will sell the film at Cannes, and the sequel (which will see the retired CIA operatives taking on a new threat in Europe) is set to be released on August 2nd, 2013. Personally, I wasn't a fan of Red, but are you all looking forward to this follow-up? Sound off with your thoughts in the usual place.
