

Our round up of some smaller comic, Sci-Fi, Fantasy, Horror, Action and CBM related movie news that may be of interest. First we have the trailer for a new Sci-fi movie that seems to have come out of nowhere starring Guy Pierce, Peter Stormare and Lost's Maggie Grace. It actually looks like something you would expect to see Jason Statham or Vin Diesel take the lead in and not Pierce's usual fare at all. Should that be a sign of quality? Who knows, but as cool as this looks I think it also has the potential to be a right stinker. See what you think.. The movie is written and directed by James Mather and Stephen St. Leger. Next up are some nice snaps of Gemma Arterton looking very cold indeed on the set of a new Vampire flick from Neil Jordan called Byzantium. The movie also stars Saoirse Ronan and Caleb
