

Wow! What a packed week it was. Not only did we get our first look at The Avengers assembled, but we also witnessed Green Lantern being panned by critics left, right and center. Find out below, which of the more popular articles you missed this week. The Avengers: This is probably the biggest scoop of the week. DCMarvelFreshman was able to get a preview look at The Avengers assembled, which was displayed at the International Licensing Expo in Las Vegas. Besides Thor, Iron Man, and Black Widow, the new promo poster features a first look at Mark Ruffalo as Hulk, Jeremy Renner in his Hawkeye outfit, and Chris Evans in his updated Captain America costume. Furthermore Mark Ruffalo confirmed via Twitter, that The Avengers will not be shot in 3D.
