

Now I've had the chance to see this awesome film and I highly recommend everyone to watch it when they get the chance. Technotise is a graphic novel created by Aleksa Gajić and Darko Grkinić. What is cool about this comic is the main character was featured on a music video. This animated movie is a sequel to the graphic novel written and directed by comic artist Aleksa Gajić. Plot "The plot is set in 2074 in Belgrade. The main character is Edit Stefanović, a female psychology student who, after failing the same university exam for the sixth time, decides to visit a dealer on the black market who installs a stolen military chip in her body that will record everything she sees to help pass the exam. Edit also has a job at a scientific and social research company, in taking care of Abel Mustafov, an autistic math genius who discovered a formula that
