

It was yesterday that we brought you what we thought was the final trailer for Rogue One: A Star Wars Story, but now Disney and Lucasfilm have released another to celebrate Black Friday. While it mostly reuses footage we've seen before, there are also a lot of never before seen shots in there. Rogue One is being promoted a lot differently to Star Wars: The Force Awakens as that movie didn't have anywhere near this many previews, but it's obviously essential that the first of the studio's Anthology movies is a success. To ensure that's the case, they're having to push it hard to audiences. The cast of Rogue One: A Star Wars Story includes Felicity Jones, Mads Mikkelsen, Alan Tudyk, Donnie Yen, Forest Whitaker, Diego Luna, Riz Ahmed, and a number of others, and it's currently set to be released on December 16th, later this year. Let us know your thoughts on this in the usual place.
