

A second Wonder Woman trailer was released yesterday morning, and featured some incredible new footage from the Patty Jenkins-directed DC flick. Most of you guys seemed very pleased with what you saw, though there were obviously a few naysayers, too. The trailer definitely gave us a broad idea of what to expect from the story, but it didn't really delve into the plot to a great degree, and for that reason fans have been scouring the footage for any potential hints or teases that they may have missed first time around. If you fancy a closer examination, Collider has slowed down the action with over 55 hi-res screencaps. You can check them out in full [HERE](#), and take a look at some of the highlights below.

Before she was Wonder Woman, she was Diana, princess of the Amazons, trained to be an unconquerable warrior. Raised on a sheltered island paradise, when an American pilot crashes on their shores and tells of a massive conflict
