

Though it hasn't been officially unveiled yet, a scan of Empire's latest subscriber cover has found its way online, giving us a great new look at Gal Gadot as Wonder Woman. Between toy images and spoiler-y villain reveals, there's been quite a bit of WW news over the past few days and it's all building up to a final trailer for the Patty Jenkins-directed superhero flick, which is expected to debut with Logan on March 3. There's a decent chance it'll be released before then, however, so be sure to keep an eye out. For now, check out the stunning cover below and we'll update as soon as we have a hi-res version. Wonder Woman charges into theaters June 2, 2017.
