

It looks like Daredevil, Jessica Jones and Luke Cage won't be the only ones that'll have some friends around when they assemble for Marvel and Netflix's The Defenders, as it's just been announced that Jessica Henwick (Game of Thrones, Star Wars: The Force Awakens) will be providing backup for Danny Rand when she reprises the role of Colleen Wing from Iron Fist. The promo vid below features a few new seconds of Wing in action as she decimates a dude in what appears to be some kind of cage fight. For @MarvellIronFist's @Jhenwick, this fight is just beginning. #Defenders pic.twitter.com/QpwzFsvdvf — The Defenders (@TheDefenders) November 3, 2016 The Defenders continues to shoot in NYC, and you can check out the latest batch of set snaps [HERE](#).
